

Dear Gymnastic Friends

It is our great pleasure to Welcome You for the 2018 Edition of the IAG MICRO TEAMGYM INTERNATIONAL OPEN FOR CLUBS.

The Maaspoort area in 's-Hertogenbosch bustles with gymnastic sports from May 10th to May 13th. The IAG Sportevent is a spectacular sports festival, where you can enjoy all aspects of the gymnastics sports for four days. Almost 8000 athletes will participate in many gymnastics activities.

There will be high-level International tournaments, acrobatic gymnastics, women's artistic gymnastics, ropeskipping, micro teamgym, rhythmic and trampoline. Apart from the tournaments you can of course participate in many activities as well. You can follow almost 50 different workshops, jump on trampolines, tumble or enjoy one of the many live music performances. Bosch Beweegt is a theatrical surprise for young and old. Trainers can enhance their knowledge through the coach congress, while gymnasts participate in one of the many sports camps and neighbors meet each other at Tonny's terrace. Each day the program is filled with many activities for young and old to enjoy, watch and participate.

At May 12 we are hoping to see you at the international open for Micro Teamgym
